

# 1 Group Members

This document represents an agreement between the following parties:

- Jose Ramirez
- Matthew Garber
- Xinhao Wang

# 2 Goals

Our expectations for the course project are as follows:

1. To evaluate the performance of a soccer player according to news articles written about them.
2. To build a profile of a player that ranks their performance and summarizes important attributes and abilities.
3. To annotate attributes that distinguish a good player from a poorly performing player in new articles that describe a player's performance over the course of a game or over the course of a season.
4. Ultimately, we hope to use this information to compare media portrayals of a player's performance to objective statistics.

# 3 Skills

The relevant skills that each member believes will aid in their contributions are as follows:

**Jose:** Soccer knowledge, familiarity with English-language soccer media

**Matthew:** Git, programming, experience with large corpora

**Xinhao:** Programming skills, machine learning knowledge, soccer knowledge.

# 4 Roles

Leadership roles within the group will be designated as follows, with further additions to be made:

**Jose:** Corpus Selection
